The American Admiral at Rio Janeiro Calls Down The Insurgents and Protects American Ships.

NEW YORK, Feb. -Silver, 66 5-8; Lead, \$3.10.

The Wilson to did Bernard the House to a voca or account of the Parkets leading up to it are almost unparalleled in the country's annals. At one o'clock the bill was reported to the House and the clesing speeches were made. Such a vast concourse of people as assembled to hear the final arguments had never before been seen within the precincts of the Nation's capital. Nothing like it was ever known in the history of the oldest inhabitant. For hours before the great debate, the galleries were filled with a surging mass of humanity, which became so great that men cried out in terror and women fainted. It is estimated that over twenty thousand tried to gain admission to the galferies of the House. For three hours the orators of the champions of the two economic systems followed, Rand, Crisp and Wilson, while their partizans made the air ring with their shouts of approval. The appearance of the Speaker of the House upon the floor, engaged in debate was in itself, a remarkable, as well as an unusual thing. Each of the speakers seemed to be in the best form and the speeches of to-day will rank among the most brilliant of their lives. When they were finished, Wilson, who spoke last, was lifted on the shoulders of his admirring colleagues and carried triumphantly from the hall, amid ascene of wild enthusiasm.

WASHINGTON, Feb. 1. - Latest indications are that Utah may not be admitted for some time. The bill may possibly he acted upon so as to take effect next Winter so that the State may possibly be admitted by a year from the 4th of next March when the new Congress comes in . Senator Faulkner said to-day it would be a comparatively long time before the Utah bill would be reported. The members of the Democratic steering committee positively refuse to talk upon the subject or to answer any questions as to what the majority propose to do.

New York, Feb. 1.—The elections held

in this city yesterday show tremendous Democratic losses. A political reaction seems to have set in. A majority of nearly nine thousand is overturned by the defeat of Col. Fellows, by Quigg, Republican, to Congress. The Republican gain is 9809. This is the result of the feeling occasioned over the Wilson tariff bill.

This is quite apparent to the Democrats of Utah also. Their hand has been forced and they are trying to make the best of it under the scathing criticisms which they are receiving from all sides. The statement in the Salt Lake press that President Cleveland was opposed to the admission of any of the Territories, has thrown a wet blanket over the efforts of Rawlins and Caine, who feel that the organs in Zion are a little premature, and, under the circumstances, unfortunate. The real trouble in the matter is that the Utah bill could be passed in an hour, so far as the Republicans allow it to be taken out of the committee. back, and it is not difficult to guess the sanity.

To-day a Republican was elected to Condistricts in this city, to succeed Col. Fellows.

This victory is said to be one of the results of the Wilson tariff bill.

WASHINGTON, Jan. 30. - The Senate is expected to vote next Tuesday on the Federal elections reneal bill.

The time in Congress was taken up to-day with a discussion of the Income Tax bill, and one of the greatest speeches ever delivered in orator, Bourke Cockran, in opposition to the measure. The situation in the National Legislature is reported to be critical. It is asserted that if this Income Tax bill passes both Houses and becomes a law, New York will be Republican until it is repealed. The Tammany chiefs of the metropolis are bringing all the pressure possible to bear to defeat the measure, for it is conceded that the tax champion of Tammany in the House.

CHEYENNE, Wyo., Jan. 26.-Robert Foote, an old resident of Wyoming and a leading citizen of Johnson county, has been on trial in the United States Court here for the past three days charged with conspiring to defraud the Government. Being unable to agree the jury was discharged and the case was continued till the May term, the defendant being held in \$5,000 bonds. Mr. Foote has been a Government contractor in Wyoming for twenty years and has made a great deal of money out of the business. He had the contract for furnishing the grain for the troops at Fort McKinney, and it is charged that he formed a conspiracy with the quartermaster sergeant to cut down the amount of grain issued to each one of the horses, at the same time giving receipts to Mr. Foote for the full amount. OUR WASHINGTON LETTER.

Correspondence of Tux Excoun-WASHINGTON, January 23, 1894. The Cleveland-Hill-fend has taken a fresh start and now promises to turn into a war of Congress, was made by the great Tammany extermination. Hill appeared to be quietly allowing himself to be snubbed by acquiescing in the confirmation of the nominations of his personal enemies to federal offices until Hornblower's nomination to the Supreme Court. Then he began to prepare to fight back, ending with a knockdown blow for Mr. Cleveland by securing the rejection of the Hornblower nomination. While Hill was receiving the congratulations of his of immense fortunes in New York City followers, in and out of the Senate, Mr. would be a staggering blow to the great po- Cleveland saw his opportunity for revenge litical tiger. Cockran is the acknowledged and promptly took advantage of it by vetoing the New York and New Jersey Bridge bill, a measure in which Senator Hill and many of his troat prominent New York HAIT AND TOOTH BRUSHES benchmen wers known to be deeply interested, some people say, in a financial as well as a political way. Hill and his Senatorial supporters are not doing any talking for publication, about their plans, but when said that the speeches yesterday recalled the Cleveland tariff bill emerges from the the days of Calhonn, Clay, Webster and Senate the effect of their next blow will be visible to all the world without the use of a microscope. Pepublicans are enjoying the combat and are perfectly willing to shout "go it Cleveland, go it Hill with sufficient gist

> energy to keep 'em fighting. The Democratic tariff "kickers" have one more week in which to try to amend the Cleveland tariff bill, and it will include the sugar, iron and coal clauses, to say nothing of the income tax, which they will try to attach to the tariff bill as an amendment; but if the result of their efforts during the last week is an indication of their voting strength their efforts will only result in talk, they have succeeded in securing only one amendment that was opposed by the Democrats of the Ways and Means Committeethat making the free wool clause go into effect on the passage of the bill.

Ex-Minister Stevens gave some very interesting testimony to the Senate Committee on Foreign Relations, on Saturday, concerning happenings in Hawaii during his period in office as Minister. He went over the whole business, frankly stating that he favored annexation and showing that for that very reason he was so particular in all his official acts up to the formation of the provisional government that the annexationists thought him opposed to them. It is almost amusing to hear of the anger felt by Mr. Cleveland and the cuckoo Democrats because of President Dole's plain language Minister Willis concerning his intrigues with the ex-Queen and his lack of frankness in dealing with the provisional government. If Mr. Willis had not deserved receiving such a letter it would perhaps never have been written.
